

K-LOVE is the only radio station I listen to. It is wonderful, has encouraging words and uplifting music. There is always a positive theme at whatever time of the day I tune in, no matter who the DJ is at the time. Plus, the music rocks! Recently we had a very sad occurrence in our area where an 18 year-old girl went to her half-sister's house to rob her, and the 18 year-old's nephew was in the garage playing nintendo at the time. She robbed her sister, and then because she didn't want her nephew to let anyone know she was there that night, she and the friend with her bashed him in the head with a baseball bat. As he lay there on the garage floor, having a seizure because of the head injury, his (18 y.o.) aunt decided to shoot him completely to death, because "I didn't want my nephew to suffer". This is a direct quote from her which was printed in the newspaper. I believe the service K-LOVE provides is in the public interest, because I believe that K-LOVE promotes healthy thinking, and does not promote the self-interest type thinking which leads to sick, dysfunctional decisions such as noted above. We need K-LOVE to stay on the air every where, to balance the nearly total negativity and self-seeking behaviors which are so pervasive in our society today. I deeply feel that my community will be seriously adversely impacted should K-LOVE be displaced by an LPFM broadcaster providing other programming.
